

Louisiana Legislative Auditor – Statewide Agreed-Upon Procedures

Introduction and General Comments

The Louisiana Legislative Auditor (LLA) has prescribed statewide agreed-upon procedures (AUPs) below, which are intended to represent a minimum level of additional work to be performed at those local entities (local governments and quasi-public organizations, including nonprofits) that meet the legal requirement to have an audit under the Audit Law. Those local entities that do not meet the legal requirement to have an audit under the Audit Law are exempt from performing these AUPs. State entities that are included in the Comprehensive Annual Financial Report of the State of Louisiana, or local entities subject to Act 774 of 2014 (St. Tammany Parish), are likewise exempt from the AUPs below. **These AUPs will be effective beginning with those entities that have a June 30, 2017, fiscal year end.**

The AUPs are to be performed under the AICPA attest standards, and the AUP report must be attached to the audit report that is submitted to the Legislative Auditor’s office (i.e. one Adobe pdf file submitted to the LLA rather than two). The AUPs are required to be performed by the same firm that performs the annual audit; accordingly, a separate “engagement approval form” for the statewide AUP engagement is not required.

The practitioner should consider these AUPs to be “complementary” rather than “additive” as they may duplicate existing audit procedures. For example, if the AUP below indicates that 25 random transactions should be selected and the practitioner would otherwise plan to test 40 random transactions as part of the entity’s audit, the practitioner may use 25 of the 40 transactions for both the audit and the AUP engagement. Also, the scope of the procedures applies to the primary reporting entity and is not required to be extended to discretely presented component units of the entity.

All exceptions are to be included in the AUP report with management’s responses/corrective actions. Management may either prepare a single overall response to the AUP report or may respond after each procedure.

If the entity employs one or more internal auditors; the practitioner documents reliance upon the internal audit function as part of the entity’s audit; and the internal auditor performs one or more of the specific procedures identified below (internal auditor is not required to perform procedures under the attest standards), the practitioner does not have to include those specific procedures as part of the scope of the AUP engagement or in the AUP report. In that situation, the practitioner should perform the remaining AUPs under the attest standards and document in the AUP report. The practitioner must also include a copy of the internal auditor’s procedures performed and exceptions noted when submitting the audit report and AUP report to the LLA. In this situation,

Louisiana Legislative Auditor – Statewide Agreed-Upon Procedures

all three reports should be submitted to the LLA as one Adobe pdf file, and all three reports will be issued by the LLA as public documents.

Please note that the results of the AUPs do not change the practitioner’s separate responsibility to report significant deficiencies, material weaknesses, material noncompliance, etc., as part of the regular audit engagement. However, the practitioner should not include the AUP exceptions or internal auditor’s exceptions (or a reference to the exceptions) in the audit report’s schedule of findings, unless an AUP or internal audit exception rises to the level of a significant deficiency or material weakness and is included as a finding for purposes of the audit.

To avoid creating an undue burden on practitioners, the AUPs may be performed for a 12-month “fiscal period” that does not coincide with the entity’s “fiscal year”, as long as the 12-month fiscal period is no more than 3 months prior to the end of the entity’s fiscal year. For example, the practitioner may perform AUPs for the fiscal period April 1, 2016 through March 31, 2017 for an entity with a fiscal year ending June 30, 2017. All AUPs below will reference fiscal period to mean the 12-months covered by the AUPs.

For nonprofit entities, only those AUPs relevant to public monies (and only to the extent that the AUPs are applicable) are required to be included in the scope of the AUP engagement. For example, if a nonprofit receives \$10 million in non-public funds and also receives \$600,000 in public funds, only the \$600,000 would be subject to these AUPs if the funds are not otherwise commingled. In this example, if the nonprofit did not use the \$600,000 in public funds for payroll or travel expenses, the portions of the AUPs relating to these areas are not required to be included in the scope of the AUP engagement or report.

Additional instructions concerning engagement approvals, report submission protocols, and the availability of forms, examples, and tools related to these procedures will be communicated as they are finalized.

If there is a formal/written plan, report whether the meeting minutes for at least one board meeting during the fiscal period reflect that the board is monitoring the plan.

Bank Reconciliations

3. Obtain a listing of client bank accounts from management and management’s representation that the listing is complete.
4. Using the listing provided by management, select all of the entity’s bank accounts (if five accounts or less) or one-third of the bank accounts on a three year rotating basis (if more than 5 accounts). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity fund accounts may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* For each of the bank accounts selected, obtain bank statements and reconciliations for all months in the fiscal period and report whether:
 - a) Bank reconciliations have been prepared;
 - b) Bank reconciliations include evidence that a member of management or a board member (with no involvement in the transactions associated with the bank account) has reviewed each bank reconciliation; and
 - c) If applicable, management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 6 months as of the end of the fiscal period.

Collections

5. Obtain a listing of cash/check/money order (cash) collection locations and management’s representation that the listing is complete.
6. Using the listing provided by management, select all of the entity’s cash collection locations (if five locations or less) or one-third of the collection locations on a three year rotating basis (if more than 5 locations). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity funds may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* **For each cash collection location selected:**
 - a) Obtain existing written documentation (e.g. insurance policy, policy manual, job description) and report whether each person responsible for collecting cash is (1) bonded, (2) not responsible for depositing the cash in the bank, recording the related transaction, or reconciling the related bank account (report if there are compensating controls performed by an outside party), and (3) not required to share the same cash register or drawer with another employee.
 - b) Obtain existing written documentation (e.g. sequentially numbered receipts, system report, reconciliation worksheets, policy manual) and report whether the entity has a formal process to reconcile cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, by a person who is not responsible for cash collections in the cash collection location selected.

Louisiana Legislative Auditor – Statewide Agreed-Upon Procedures

- c) Select the highest (dollar) week of cash collections from the general ledger or other accounting records during the fiscal period and:
 - Using entity collection documentation, deposit slips, and bank statements, trace daily collections to the deposit date on the corresponding bank statement and report whether the deposits were made within one day of collection. If deposits were not made within one day of collection, report the number of days from receipt to deposit for each day at each collection location.
 - Using sequentially numbered receipts, system reports, or other related collection documentation, verify that daily cash collections are completely supported by documentation and report any exceptions.
7. Obtain existing written documentation (e.g. policy manual, written procedure) and report whether the entity has a process specifically defined (identified as such by the entity) to determine completeness of all collections, including electronic transfers, for each revenue source and agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation) by a person who is not responsible for collections.

Disbursements – General (excluding credit card/debit card/fuel card/P-Card purchases or payments)

8. Obtain a listing of entity disbursements from management or, alternately, obtain the general ledger and sort/filter for entity disbursements. Obtain management’s representation that the listing or general ledger population is complete.
9. Using the disbursement population from #8 above, randomly select 25 disbursements (or randomly select disbursements constituting at least one-third of the dollar disbursement population if the entity had less than 25 transactions during the fiscal period), excluding credit card/debit card/fuel card/P-card purchases or payments. Obtain supporting documentation (e.g. purchase requisitions, system screens/logs) for each transaction and report whether the supporting documentation for each transaction demonstrated that:
 - a) Purchases were initiated using a requisition/purchase order system or an equivalent electronic system that separates initiation from approval functions in the same manner as a requisition/purchase order system.
 - b) Purchase orders, or an electronic equivalent, were approved by a person who did not initiate the purchase.
 - c) Payments for purchases were not processed without (1) an approved requisition and/or purchase order, or electronic equivalent; a receiving report showing receipt of goods purchased, or electronic equivalent; and an approved invoice.

Louisiana Legislative Auditor – Statewide Agreed-Upon Procedures

10. Using entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the person responsible for processing payments is prohibited from adding vendors to the entity's purchasing/disbursement system.
11. Using entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the persons with signatory authority or who make the final authorization for disbursements have no responsibility for initiating or recording purchases.
12. Inquire of management and observe whether the supply of unused checks is maintained in a locked location, with access restricted to those persons that do not have signatory authority, and report any exceptions. Alternately, if the checks are electronically printed on blank check stock, review entity documentation (electronic system control documentation) and report whether the persons with signatory authority have system access to print checks.
13. If a signature stamp or signature machine is used, inquire of the signer whether his or her signature is maintained under his or her control or is used only with the knowledge and consent of the signer. Inquire of the signer whether signed checks are likewise maintained under the control of the signer or authorized user until mailed. Report any exceptions.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

14. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards), including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
15. Using the listing prepared by management, randomly select 10 cards (or at least one-third of the cards if the entity has less than 10 cards) that were used during the fiscal period, rotating cards each year. If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner.

Obtain the monthly statements, or combined statements if multiple cards are on one statement, for the selected cards. Select the monthly statement or combined statement with the largest dollar activity for each card (for a debit card, select the monthly bank statement with the largest dollar amount of debit card purchases) and:
 - a) Report whether there is evidence that the monthly statement or combined statement and supporting documentation was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]
 - b) Report whether finance charges and/or late fees were assessed on the selected statements.
16. Using the monthly statements or combined statements selected under #15 above, obtain supporting documentation for all transactions for each of the 10 cards selected (i.e. each of the 10 cards should have one month of transactions subject to testing).

Louisiana Legislative Auditor – Statewide Agreed-Upon Procedures

- a) For each transaction, report whether the transaction is supported by:
 - An original itemized receipt (i.e., identifies precisely what was purchased)
 - Documentation of the business/public purpose. For meal charges, there should also be documentation of the individuals participating.
 - Other documentation that may be required by written policy (e.g., purchase order, written authorization.)
- b) For each transaction, compare the transaction’s detail (nature of purchase, dollar amount of purchase, supporting documentation) to the entity’s written purchasing/disbursement policies and the Louisiana Public Bid Law (i.e. transaction is a large or recurring purchase requiring the solicitation of bids or quotes) and report any exceptions.
- c) For each transaction, compare the entity’s documentation of the business/public purpose to the requirements of Article 7, Section 14 of the Louisiana Constitution, which prohibits the loan, pledge, or donation of funds, credit, property, or things of value, and report any exceptions (e.g. cash advances or non-business purchases, regardless whether they are reimbursed). If the nature of the transaction precludes or obscures a comparison to the requirements of Article 7, Section 14, the practitioner should report the transaction as an exception.

Travel and Expense Reimbursement

17. Obtain from management a listing of all travel and related expense reimbursements, by person, during the fiscal period or, alternately, obtain the general ledger and sort/filter for travel reimbursements. Obtain management’s representation that the listing or general ledger is complete.
18. Obtain the entity’s written policies related to travel and expense reimbursements. Compare the amounts in the policies to the per diem and mileage rates established by the U.S. General Services Administration (www.gsa.gov) and report any amounts that exceed GSA rates.
19. Using the listing or general ledger from #17 above, select the three persons who incurred the most travel costs during the fiscal period. Obtain the expense reimbursement reports or prepaid expense documentation of each selected person, including the supporting documentation, and choose the largest travel expense for each person to review in detail. For each of the three travel expenses selected:
 - a) Compare expense documentation to written policies and report whether each expense was reimbursed or prepaid in accordance with written policy (e.g., rates established for meals, mileage, lodging). If the entity does not have written policies, compare to the GSA rates (#18 above) and report each reimbursement that exceeded those rates.
 - b) Report whether each expense is supported by:

Louisiana Legislative Auditor – Statewide Agreed-Upon Procedures

- An original itemized receipt that identifies precisely what was purchased. [Note: An expense that is reimbursed based on an established per diem amount (e.g., meals) does not require a receipt.]
 - Documentation of the business/public purpose (Note: For meal charges, there should also be documentation of the individuals participating).
 - Other documentation as may be required by written policy (e.g., authorization for travel, conference brochure, certificate of attendance)
- c) Compare the entity’s documentation of the business/public purpose to the requirements of Article 7, Section 14 of the Louisiana Constitution, which prohibits the loan, pledge, or donation of funds, credit, property, or things of value, and report any exceptions (e.g. hotel stays that extend beyond conference periods or payment for the travel expenses of a spouse). If the nature of the transaction precludes or obscures a comparison to the requirements of Article 7, Section 14, the practitioner should report the transaction as an exception.
- d) Report whether each expense and related documentation was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Contracts

20. Obtain a listing of all contracts in effect during the fiscal period or, alternately, obtain the general ledger and sort/filter for contract payments. Obtain management’s representation that the listing or general ledger is complete.
21. Using the listing above, select the five contract “vendors” that were paid the most money during the fiscal period (excluding purchases on state contract and excluding payments to the practitioner). Obtain the related contracts and paid invoices and:
- a) Report whether there is a formal/written contract that supports the services arrangement and the amount paid.
 - b) Compare each contract’s detail to the Louisiana Public Bid Law or Procurement Code. Report whether each contract is subject to the Louisiana Public Bid Law or Procurement Code and:
 - If yes, obtain/compare supporting contract documentation to legal requirements and report whether the entity complied with all legal requirements (e.g., solicited quotes or bids, advertisement, selected lowest bidder)
 - If no, obtain supporting contract documentation and report whether the entity solicited quotes as a best practice.
 - c) Report whether the contract was amended. If so, report the scope and dollar amount of the amendment and whether the original contract terms contemplated or provided for such an amendment.

Louisiana Legislative Auditor – Statewide Agreed-Upon Procedures

- d) Select the largest payment from each of the five contracts, obtain the supporting invoice, compare the invoice to the contract terms, and report whether the invoice and related payment complied with the terms and conditions of the contract.
- e) Obtain/review contract documentation and board minutes and report whether there is documentation of board approval, if required by policy or law (e.g. Lawrason Act or Home Rule Charter).

Payroll and Personnel

- 22. Obtain a listing of employees (and elected officials, if applicable) with their related salaries, and obtain management’s representation that the listing is complete. Randomly select five employees/officials, obtain their personnel files, and:
 - a) Review compensation paid to each employee during the fiscal period and report whether payments were made in strict accordance with the terms and conditions of the employment contract or pay rate structure.
 - b) Review changes made to hourly pay rates/salaries during the fiscal period and report whether those changes were approved in writing and in accordance with written policy.
- 23. Obtain attendance and leave records and randomly select one pay period in which leave has been taken by at least one employee. Within that pay period, randomly select 25 employees/officials (or randomly select one-third of employees/officials if the entity had less than 25 employees during the fiscal period), and:
 - a) Report whether all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)
 - b) Report whether there is written documentation that supervisors approved, electronically or in writing, the attendance and leave of the selected employees/officials.
 - c) Report whether there is written documentation that the entity maintained written leave records (e.g., hours earned, hours used, and balance available) on those selected employees/officials that earn leave.
- 24. Obtain from management a list of those employees/officials that terminated during the fiscal period and management’s representation that the list is complete. If applicable, select the two largest termination payments (e.g., vacation, sick, compensatory time) made during the fiscal period and obtain the personnel files for the two employees/officials. Report whether the termination payments were made in strict accordance with policy and/or contract and approved by management.
- 25. Obtain supporting documentation (e.g. cancelled checks, EFT documentation) relating to payroll taxes and retirement contributions during the fiscal period. Report whether the employee and employer portions of payroll taxes and retirement contributions, as well as the

Louisiana Legislative Auditor – Statewide Agreed-Upon Procedures

required reporting forms, were submitted to the applicable agencies by the required deadlines.

Ethics (excluding nonprofits)

26. Using the five randomly selected employees/officials from procedure #22 under “Payroll and Personnel” above, obtain ethics compliance documentation from management and report whether the entity maintained documentation to demonstrate that required ethics training was completed.
27. Inquire of management whether any alleged ethics violations were reported to the entity during the fiscal period. If applicable, review documentation that demonstrates whether management investigated alleged ethics violations, the corrective actions taken, and whether management’s actions complied with the entity’s ethics policy. Report whether management received allegations, whether management investigated allegations received, and whether the allegations were addressed in accordance with policy.

Debt Service (excluding nonprofits)

28. If debt was issued during the fiscal period, obtain supporting documentation from the entity, and report whether State Bond Commission approval was obtained.
29. If the entity had outstanding debt during the fiscal period, obtain supporting documentation from the entity and report whether the entity made scheduled debt service payments and maintained debt reserves, as required by debt covenants.
30. If the entity had tax millages relating to debt service, obtain supporting documentation and report whether millage collections exceed debt service payments by more than 10% during the fiscal period. Also, report any millages that continue to be received for debt that has been paid off.

Other

31. Inquire of management whether the entity had any misappropriations of public funds or assets. If so, obtain/review supporting documentation and report whether the entity reported the misappropriation to the legislative auditor and the district attorney of the parish in which the entity is domiciled.
32. Observe and report whether the entity has posted on its premises and website, the notice required by R.S. 24:523.1. This notice (available for download or print at www.la.gov/hotline) concerns the reporting of misappropriation, fraud, waste, or abuse of public funds.
33. If the practitioner observes or otherwise identifies any exceptions regarding management’s representations in the procedures above, report the nature of each exception.
